companies, including TFO, Jim Teeny, Fly H2O, and Maxima. Tom will do a presentation on “Wind Casting” for those folks who fear casting in anything more than a gentle breeze

Pete Cooper, Jr.

He wrote the book on "Fly Fishing the Louisiana Coast"... literally. A member of the Louisiana Outdoors Hall of Fame, he's written for countless magazines, pioneered offshore fly fishing in our state, and helped create the fly rod state records, and then

established several records himself. His talk will be on fly fishing Louisiana's Chandeleur Islands. .

Larry Offner - is owner of Green Trout Fly Shop in Baton Rouge, LA , and is founder of WarmFly.com, a leading website for warmwater fly fishing. Larry will give an on-the-water program on panfish tactics.

Richard Evans - is one of Louisiana's top all-around anglers. Rich spends summer out west, and fishes the marsh in spring and fall. He's held records for offshore species as well, including yellowfin tuna, on fly rod. Rich provides a wealth of knowledge for anyone looking to learn the sport of fly fishing.

Roger del Rio - is a founding member of RSFF, and a Federation of Fly Fishers (FFF) Certified Casting Instructor. He's been fly fishing saltwater for nearly 30

years! Roger will demo basic casting techniques.
